

Maximize Your Pride Contribution

One of the smartest ways to give is through an employer's Matching Gift Program, where companies will match donations to WLF-Lions Pride. These matches are often dollar for dollar, which doubles your charitable-donation power.

PDG Ted Handrick's personal donation to Pride was matched by his former employer Wisconsin Public Service. PDG Ted said, "We as Lions are a key element in improving the Pride Endowment Fund. Don't overlook the opportunity to maximize your Pride contribution through your employer's Matching Gifts Program. Our Pride Campaign can realize huge benefits from such opportunities on an annual basis."

Several other of your fellow Lions have taken advantage of their employer's Matching Gift Program, one company donates

\$3 for every \$1 the retiree contributes!

It's easy to take advantage of a matching gift program if your employer offers one.

Step 1 - Check with your company's human resources or payroll department to see whether it offers a matching gift program.

Step 2 - Ask for donation guidelines. If your company has a list of specific charities, please ask how we can be included and contact the Pride Office.

Step 3 - Decide how much you want to donate.

Step 4 - Mail your gift to Pride with the appropriate forms to ensure that the match is donated. The Pride Staff will send you notice when the matching funds are received.

Contact the Pride office with any questions at 715-677-7000 or at pride@wlf.info.
